Junior Web Developer with the passion for web design. I am eager to learn new technologies and follow current trends. I strive to achieve the best of my potential, which is the reason why I decided to learn programming. I am looking for an opportunity to hold a junior web developer position as an internship, where I would support the team, contribute to the project and gain experience.

Skills

Hard Skills

📄 HTML 📄 CSS 📄 JavaScript

🔧 NodeJS 📄 MongoDB ⚙ REST

\$ JQuery 📄 Git+GitHub 📄 Bootstrap

Soft skills

Problem Solving, Team Work

SoloLearn: JavaScript Tutorial Course

SoloLearn: JQuery Tutorial Courses

SoloLearn: CSS Tutorial Course

SoloLearn: Html Fundamental Course

Experience

HGV Driver *work through various job agencies UK 11.2017-02.2020*

- This was my first job in the UK; it enabled me to familiarise myself with the UK, local rules, and laws through hands-on experience.
- I improved my communication skills.

Sales Representative *Pakplus, Bielsk PL 2016-2017*

- I have established and maintained positive relations with customers in the area of Northern Poland.
- I have significantly contributed to sourcing new clients.
- On quarterly meetings, I was actively presenting current demands of the local market to the rest of the team.

Sale Representative *ZPM Dalwin, Dalwin PL 2015-2016*

- I was responsible for the local market analysis targeted at identification of products that are a best match to customers' needs.
- Working as a part of the sales team, participation in weekly meetings.
- Being a part of the sales team.

Languages

English: Professional working proficiency, C1 - EF SET Certificate

Polish: Native

Hobbies

I enjoy sports; in my free time I take part in competitive armoured combats (knight fights), ride a bike and an E-Scooter. On top of that, I am passionate about computer technologies and games.
